Cholesterol
Management**

Press Release

Michael F. Richman, M.D., F.A.C.S. Added as New Medical Expert on RDCentral.com.

Reaching over 4,000+ members, RDCentral.com is the leading online portal for Health and Nutrition Professionals.

Los Angeles, CA - April 24, 2006 - **The Center for Cholesterol Management** announces the addition of its Medical Director, **Dr. Michael F. Richman, M.D., F.A.C.S.**, as a Medical Expert on the interactive online Nutritionist and Dietician membership-based website, **RDCentral.com**.

As **RDCentral.com**'s most recent Medical Expert, Dr. Richman is available to answer questions on the topics of Cholesterol Management and Heart Disease. The registered users of the site are able to post questions to the individual Medical Expert in each specialty. Both questions and answers are available for viewing by the entire membership of the site.

The **RDCentral.com** community is comprised mostly of members in the nutrition and dietitian profession and also includes doctors, nurses and other public health and private health care professionals. Also available on the site are a job board, salary survey, career questionnaire, resume portal, up-to-date information on nutrition and health related topics, daily news streams and other health and wellness related resources to the 4,450+ registered members of the site.

The Center for Cholesterol Management (CFCM) is a medical facility based in Los Angeles, CA. The Center employs nutritionists and dietitians who create individual programs for the patients of the CFCM. Physical therapists are also staffed to design specific exercise programs for patients. The advanced diagnostic screenings, blood tests and any medical treatments along with all other services offered by the CFCM are under the medical direction of, **Michael F. Richman, M.D., F.A.C.S., F.C.C.P.** Dr. Richman is a board certified surgeon and cardiothoracic surgeon with a specialty focus in complex lipid management. The Center for Cholesterol Management is one of the only freestanding medical facilities to offer complex cholesterol management using advanced particle testing. www.lipidcenter.com

RD Central, a privately owned, independent web site committed to providing services and resources to health care professionals. www.rdcentral.com
